Article 5a Regulations

Event held under the present International Sporting Code of the FIA.

The following regulations will be used:

1. Present FIA International Sporting Code and Appendices
2. Sporting and Technical Regulations:
Sporting & Technical Regulations 24HSERIES powered by Hankook 2017 version 30 November 2016 with KNAF permit nr. 0314.16.272
3. Decisions, provisions and bulletins published by the KNAF
4. Decisions and provisions published by the A.C.I. Sport
5. Decisions, provisions and bulletins, published by the Stewards and/or Race Director.
6. These Supplementary Regulations.
7. Conditions set up by the MUGELLO CIRCUIT S.p.A. and by the Italian Authorities.

Article 5b Specific regulations for this race (12H MUGELLO)

Radio communications

The use of two way radio communication is subject to local authority approval (including the allocation of frequency). Teams must get their permission from:

Al Ministero dello Sviluppo Economico
Direzione generale per i Servizi di comunicazione
elettronica, di radiodiffusione e postale
Divisione III – Comunicazioni elettroniche ad uso privato

Viale America 201
00144 ROMA
Mail address: frq.temp@mise.gov.it

Clean pit boxes and paddock

Teams have to leave the pit boxes and paddock clean, in the same way they entered the property. Please have understanding, that any cost of cleaning of circuit-properties, due to the competitor, driver or any team member will be accounted to the competitor.

For all Classes

Class overview, minimum reference lap times and applicable BOP

According the Sporting & technical 24H SERIES Regulations (art. 5.1 chapter I), a separate bulletin (see www.24hseries.com/series/regulations) will be published with the applicable BOP and applicable minimum reference lap times of the specific event.

This bulletin also replaces the class overview (Appendix 16) of the Sporting & Technical Regulations.

This bulletin also includes the class A6 BOP- table.

Applicable for Classes: D1/A2/A3 and SPX,SP2, SP3 and SP4

Sandbagging, additional rules:

Referring to "Sandbagging" described in the Sporting & Technical Regulations, "additional rules will be implemented". These additional rules are described in 24H SERIES Bulletin 03.

For class A6: Class A6 will be divided into class A6-Pro and A6-Am

According the Sporting & Technical Regulations, class A6 will be divided to classes A6-Pro and A6-Am in case at entry closing date (see art. 7)) there are more than 12 cars in class A6.

This is the case, so class A6 will be divided into class A6-Pro and A6-Am

For the class A6 BOP- table, see the BOP-bulletin for 12H Mugello.

For all classes:

The race duration will be 12 hours. (4 + 8 hours, see time table)

The first 4 hours will be referred to as: **PART 1**

The second and last 8 hours will be referred to as: **PART 2**

Due to strict (noise) regulations, applicable for the MUGELLO CIRCUIT, the 12hour race will be held over 2 days.

There will be an intervention after **PART 1** at the first day. At the second day the race will continue with **PART 2**, with a total race length of 12hours.

For the start of **PART 1**, see art. 10 Start (of these supplementary regulations)

Below the specific intervention-, parc fermé- and the re-start-regulations will be described.

Intervention break after PART 1

Start of the 12h race (**PART 1**): See time table

10 minutes before the end of **PART 1** the Pit entry is closed (at a penalty of 2 laps).

Finish (**PART 1**): See time table

After the cooling down lap, all cars have to proceed directly to parc fermé (Drivers must follow the instructions of the Marshalls).

Cars which are in the pit, are also under parc fermé rules and need to be directly moved to scrutineering box (No. 20).

30 minutes after the publication of the results of **PART 1**, parc fermé ends AND "Intervention break" begins.

"Intervention break"

The "intervention break" is the time between **PART 1** and **PART 2** of the race. (until we begin with the start grid of **PART 2**)

The "intervention area" will be the same as the parc fermé area.

During this "intervention break" the cars stay in the "intervention area"

Besides officials, it is NOT allowed to enter this area and as a consequence it is not possible/allowed to work on the cars in this area. Unless explicit otherwise described and/or instructed otherwise by the officials.

Team managers will be asked to assist with replacing the cars to their new starting order.

For cars which are in the pit, also the "intervention rules" are applicable and need to be moved to and/or stay in scrutineering box (No. 20).

The penalty for an "intervention break" infringement is **10 laps**, in case a team has made a written request to work on the car, to the Secretary of the Event within 30 minutes after **PART 1** is finished. **Otherwise the penalty is 20 laps.**

As soon as the request is accepted and confirmed the team can move the car to their own pit box and the 10 laps penalty will be applied and deducted from the number of laps after **PART 1**.

Restart (next day)

Start grid and end "Intervention break": See time table

On the start grid it is still NOT allowed to work on the car, with the exception of the following tasks:

- Adjust mirrors
- Clean the windows
- Adjust tyre pressure (with small hand-tools, not with a (big) compressor)
- Put new drinking bottle in the car
- Readout data-logger (only of this can be done without opening the bonnet)
- Warming-up the engine / drive shafts on air jacks is allowed (it is NOT allowed to open the bonnet/engine-cover)

(Any other work on the car is strictly forbidden, e.g. removing or changing tyres, opening the bonnet, refuelling, etc.)

Cars in the pit: (during start grid / restart)

- Cars with written approval (and 10 laps penalty) are allowed, after being checked and approved by scrutineering, to enter the track and join at the back of their class on the start grid.
Or alternatively, as soon as the car is ready and after being checked and approved by scrutineering, they can start from the pit lane (after the re-start of the race from the moment the pit lane exit light is green).
- Cars in box 20 are allowed, after being checked and approved by scrutineering, to enter the track and join at the back of their class on the start grid.
These cars have to go straightforward from box 20 to the track and are not allowed to stop at the team box nor any other place in the pit lane. (no work, nor refuelling on these cars is allowed)
- All other cars in box 20 will be released when the race is restarted and when the pit lane exit light is green.
From this moment, teams can move their cars to their own box and can start working on the car.
As soon as the car is ready and after being checked and approved by scrutineering, they can join the race from the pit lane.

Pit lane exit closed: See restart-procedure in briefing notes

Restart procedure: See restart-procedure in briefing notes

Pit entry is closed (at a penalty of 4 laps) until your team has passed the start/finish line after the start (red lights off).
So before you are allowed to enter the pit lane, your team has minimal to pass the start/finish line ones after the start.

Restart of the 12h race (**PART 2**): See restart-procedure in briefing notes
 Driver who restarts the race is free.

Restart order

The restart order of **PART 2** will be determined as follows:

- For the restart the cars will be grouped per class.
- The class order will be:
 - Group 1: (first group): class A6-Pro
 - Group 2: class A6-Am (so the 1st A6-Am will be behind the last car in class A6-Pro)
 - Group 3: class SPX
 - Group 4: class 991
 - Group 5: class 997
 - Group 6: class SP2
 - Group 7: class SP3
 - Group 8: class SP4
 - Group 9: class TCR
 - Group 10: class CUP1
 - Group 11: class A3
 - Group 12: class A2
 - Group 13: class D1
- The order of the cars per class is according the classification after the finish of **PART 1**.

Restart standing (number of laps)

The number of laps counting at the restart of **PART 2** for each car will be determined according the following procedure:

- The number of laps counting at the restart of all class leaders, will be the number of laps of the classification after the finish of **PART 1** minus 1 lap. This figure is called: Class_leader_restart_laps.
- The number of laps counting at the restart of all other teams will be: Class_leader_restart_laps minus GAP
 The GAP of each team will be determined per class. The GAP (in laps) of each team will be the GAP behind the class leader one lap before the finish lap of the class leader.
- Each team which did not cross the finish line (within 5 minutes) after the finish flag (of **PART 1**), the number of laps counting at the restart will become the number of laps in the classification after the finish of **PART 1**.
- In the exceptional case a (specific) class leader did not cross the finish line (within 5 minutes) after the finish flag (of **PART 1**) and as a consequence there is NO "one lap before the finish lap of this specific class leader", the second in class will be used to determine the laps counting at the restart.

Article 6 Track and conditions of practice/race

a. Maximum number of cars allowed to start:

	Race	Practice
Touring & GT-Cars (12h race):	80	80

b. Access to the track

Practices, Qualifying practices and the races

For drivers with a pit box through the pit lane. (applicable for all 12H MUGELLO teams)

c. Lights

The lights on the car must be switched on at the sign "LIGHTS ON"

Article 7 Entry: closing date and acceptance

This event is open for drivers according to: see Sporting & Technical Regulations of the specific race.

As specified on the entry form the entry closes 1 February 2017. The organizer might accept late entries.

Acceptance of the entry will be send no later than 1 March 2017. Under particular circumstances the forwarding of the acceptance may be postponed.

The fee required (see entry form and/or confirmation of participating) has to be paid before the event (an entry not accompanied by the fee shall be null and void).

Article 8 Collection of documents/Administrative Control

See official time schedule.

The competitor and the driver, or their officially nominated representative must be present at the place and the time indicated for the administrative/license-control and afterwards for the scrutineering.

At the license control the competitor will receive the scrutineering forms (control card).

The driver must sign the 'responsibility clause' (according to the General regulations concerning racing contests).

The team manager of each team must be recognisable with a name batch. (This will be provided by the organizer)

After the team has completed the control card, the team will receive a so called final approved sticker 12H MUGELLO 2017 sticker.

Only this final sticker (as provided by the secretary of the event) indicates that the car is allowed to participate.

Without this final approved sticker, the car may not participate in practice/race.

Article 9 Time schedule: Scrutineering, Timed Practices/Qualifying and Races

See official time schedule.

Practises, Qualification and night practice

See art. 30 and art. 32 of the Sporting & Technical regulations.

Article 10 Start

Touring, GT and 24hSpecial according to art. 34 and 35 of the Sporting & Technical Regulations

Start grid procedure

Will be explained during the team manager briefing.

Starting procedure

Will be explained at the driver's briefing.

Rolling start

Starting grid: in a 2x2 formation

Pole position: right side

According to art. 33.4 of the sporting & technical regulations, there will be TWO (2) formation laps

Article 11 Cooling down lap (after the finish-flag)

See art. 36 of the Sporting & Technical Regulations.

Article 12 Protests

See art. 41 of the Sporting & Technical Regulations.

Article 13 Pit regulations

See art. 21 and art. 27.9 of the Sporting & Technical Regulations.

Article 14 Driver's briefing & Team managers briefing

For date, time and location: see official time schedule.

Article 15 Scrutineering (TC)

According art. 15 of the Sporting & Technical Regulations:

If the car is deemed not to be in accordance with the regulations, the driver may not compete in practice/race. It is possible to have a second check.

If the car has been considered as according to the regulations on the points checked, the car will signed off (TC-approved) on the teams control card and receive a TC-approved sticker.

See also art. 8 of these Supplementary Regulations regarding the required final approved sticker.

Static noise test may be carried out at pre event Scrutineering or at any other time during the event to check compliance with the Technical Regulations.

Overview of required items which need to be present/operational at scrutineering

See art. 15.3 of the Sporting & Technical Regulations.

Different than in art. 15.3: Illuminated back panels for the start numbers are NOT obligatory.

Article 16 Fuel and Refuelling

See art. 21.3 of the Sporting & Technical regulations.

The opening times of the fuel pumps will be published on the Official Notice Board

In MUGELLO there will be 6 petrol and 2 diesel pumps.

All instructions of fuel station personnel, pit- and or fire marshals have to be followed strictly.

Article 17 Tickets/Passes/Paddock

Every person (drivers, team members, officials, press etc.) who enters the pit area must at all times wear his ticket/pass visible, in a way that the controlling officials can at any time without problem see whether this person has the right ticket/pass. If a person is not wearing his ticket/pass visible, he may not enter the pit area.

Paddock space (behind the pit box) per entry (included in the entry fee) is 4x6m.

Article 18 Timekeeping

Every car must be equipped with a ID-transponder.

See art. 4.6 Chapter II of the Sporting & Technical regulations.

Fraud or obstruction of the rules mentioned in this article will be sanctioned by Race Director.

Article 19 Flag Signals

See art. 28 Chapter I of the Sporting & Technical regulations.

Article 20 Noise regulations

See art. 2 of Chapter II of the Sporting & Technical regulations.

Article 21 Tyres

See art. 22 of the Sporting & Technical Regulations.

Article 22 Insurance

The Organizer, as sporting licence holder, from the moment of this relative subscription, adheres to sport regulations in force. In this context the Organizer confirms to have full knowledge that this RC (civil liability) insurance (art. 56 of RNS) responds to the canons according to the art. 124 of Insurance code, with the minimum legal (ref. Italian law N. 990 of 24.12.1969 and entered into force on 12.06.1971 and later replaced by D. Lgs. 07.09.2005, n. 209 art. 124). Moreover this insurance does not relieve Competitors and Drivers from all liabilities they may incur outside of the insurance's object and further general and special conditions of insurance, as printed on federal site and that you can ask to the Insurance Company.

The RC Insurance does not relieve Competitors and Drivers from all liabilities they may incur.

Article 23 Supplementary Regulations

Any changes or supplements to these regulations will be published on the official notice board.
