

The experienced team of Bas Koeten Racing has seats available in the SEAT Leon Cup Racers for the upcoming events of 24h Series and Touring Car Endurance Series.

The cars (330 HP FWD) have proven to be very reliable and able to do long stints and thus a minimum amount of pitstops are required.

The crew has done >50 long distance races in the 15 years of existence of the team. In 2015 and 2016 Bas Koeten Racing has been running four SEAT Leon Cup Racers in various international championships, both endurance (24h Series and TCES) and sprint (TCR International Series, TCR Germany and TCR BeNeLux).
