

OCC LASIK Racing with Newbridge Motorsport is pleased to extend an invitation to suitably experienced and budgeted drivers to join the team for various endurance racing events across the 2016 and 2017 seasons.

The team will enter its #249 Porsche Cayman CS GT4 in the 24H SILVERSTONE in April and selected CREVENTIC 24H Series races thorough the season. The team will undertake a full CREVENTIC 24H TCE Series campaign and it is now taking enquiries from interested parties for both individual events and season opportunities.

Any drivers interested in what OCC LASIK Racing has to offer should contact Richard Tovey at Newbridge Motorsport or David Madgwick of BAM Motorsport Promotions:
