

We are a French team from Brittany, looking for a 3rd driver to compete in Hankook 12H IMOLA, June 30 - July 1. We participated in a diverse range of championships all over Europe, from endurance races to sprint races. The Porsche Lorient Racing started in 2000, and we are 100% Porsche. We've many experiences with the CREVENTIC series.

Last year we have won many medals; with the SP2 team, SP2 drivers, GT team and GT drivers. We always aim to do better than the last race, which ensures you to drive a car perfectly revised and efficient for endurance races.
