

RACE Performance have limited seats available for the entire 24H and TCE Series in their Ginetta G55 in a full, exclusive Endurance Specification.

As the force behind multiple Ginetta race and championship wins in various series around the world and now outright as our own team, we would welcome enquiries from funded drivers with the view of heading the SP3 class. With a 100% Podium record in everything we touched last year, we only aim to strengthen that this year.

Our Testing schedule has begun so please do not hesitate to get in touch.
