The Story of CREVENTIC

Founded in 2005, CREVENTIC has fast established itself as one of the most professional organizing bodies in the world of motorsport. Built by, and for, keen amateur racers, CREVENTIC's network has grown substantially since its 'humble' beginnings – continuing to do so today – and remains among the most respected names in the motor racing community, thanks to an ever-increasing portfolio of endurance racing series catering to GT, touring car, Le Mans-style prototype racing, and pretty much everything else in-between.

Based in Gennep, The Netherlands, CREVENTIC's extensive racing programs welcome teams, drivers and motorsport personnel from around the globe to compete at some of the most challenging and vibrant race circuits in the world, and the highly-competitive racing categories therein. Indeed, providing top-level racing with a relaxed paddock environment has seen the 24H SERIES powered by Michelin tour extensively across Europe, the Middle East and the United States of America, with ambitions to extend this portfolio in the future.

Our focus, however, has never been to 'win at all costs'. For close to two decades, CREVENTIC has prided itself on offering high-quality, professional service alongside a welcoming, approachable atmosphere in its paddocks. Team spirit, fair racing, and actively enjoyable competition with an international flair are our bread and butter, and we wouldn't have had it any other way.

"At CREVENTIC, we like to do things differently: to create an open environment that's comfortable as well as professional; to raise expectations and benchmarks through innovation, all while keeping our feet on the ground; to offer the best possible endurance racing experience for everyone, everywhere, with the best value for money; and to give you the most professional and approachable motor racing service you've ever had. In short, CREVENTIC wants to put the fun first in racing"

If you're interested to learn more about our organization, or how you too can compete in the 24H SERIES powered by Michelin, you can contact us at info@creventic.com. And don't worry, our multi-national network will be able to assist any enquiries you may have.

CREVENTIC

The Story of The MICHELIN 24H DUBAI

Since 2006, Dubai Autodrome has been the home of the Dubai 24H the second-largest motorsport endurance race in the world in terms of cars competing in the race.

Over the years, the event has built a fan following and attracts local and international guests to attend the race and watch from the Grandstand.

As a circuit for the community, Dubai Autodrome aims to provide unique value and activities to our neighbors in the community.

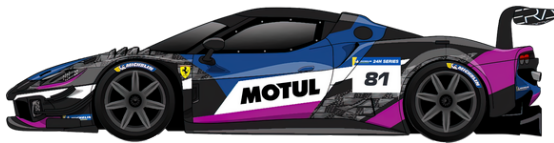

With 60+ race cars competing in the event, the Dubai 24H Parade 2025 will certainly be a highlight not to be missed on the exciting UAE events calendar.

Class Structure in the 24H SERIES

The 24H SERIES powered by Michelin features multiple classes of cars, that race together, on-track, at all events. These specific categories are divided as follows:

GT3

GT3 cars are set of regulations maintained by the FIA for grand tourer racing cars designed for use in various series throughout the world.

GTX

Group GTX, exceptional cars, is a group of cars which is added to accept a wider variety of cars. The cars in GTX have a guide line of approx. 2,5-3,4 kg/hp (faster than GT4 and slower than GT3).

992

Porsche 911 GT3 Cup (992) cars

GT4

In the GT4 class, the specific GT4 regulations are applicable. Same as GT3 cars, these cars must be based on mass production road cars.

Group TCX-TCE, exceptional cars, is a class generally meant for special Touring cars and some GT-cars, with approximately the performance of TCR cars.

Sub-classes based on driver categorisation

Within the GT3 and 992 classes, driver categorization will determine in which sub-class the team will be placed. Driver categorizations within Creventic are:

- AM
- SEMI-PRO
- PRO

GT3	GT3 PRO/AM	GT3-AM	992	992-AM
AM: Minimum 1*	AM: Minimum 2	AM: Minimum 2	AM: Minimum 1*	AM: Minimum 2
SEMI-PRO: Free choice	SEMI-PRO: Free choice	SEMI-PRO: Maximum 1	SEMI-PRO: Free choice	SEMI-PRO: Maximum 1
PRO: Maximum 2	PRO: Maximum 1	PRO: Not allowed	PRO: Maximum 2	PRO: Not allowed

*Full Semi-Pro line-ups are allowed as well in this class

Press Contacts 24H SERIES

Please send your press releases / photo's / video's / other media material to media@creventic.com to get featured on the official website or social media pages. Share your credit notes in the e-mail.

Media Information

24H SERIES

Media desk opening hours - accreditation pick up/returns tabard

Thursday	Friday	Saturday	Sunday
08:30 – 17:00	08:00 – 21:30	08:00 – 19:00	09:00 – 15:00*

The media room will be accessible outside these hours on these days.

***Please note that you return your tabard immediately after the race to get your deposit back.**

If you enter the circuit before Thursday please come to the welcome center of Creventic. It will be in the administration office.

Access zones

Access	Eligible for
COMPLETE (= MEDIA VEST + PASS) Access to pit lane, service road, pit boxes, media centre, paddock, starting grid and all public areas	Photographers with experience and an insurance**
MEDIA CENTRE (= PASS) Access to media centre, pit boxes, paddock, starting grid and all public areas	All Journalists and photographers without an insurance**

**** Please make sure you have a sufficient and valid insurance for this event in case you cause damage to something (car, circuit, driver, equipment, etc) and for yourself.**

Service road access

Everybody with a tabard will have pedestrian access to the service road. No cars allowed. There will be a Shuttle bus between the Media Centre and photographic points around the circuit on 11 and 12 January for the 24H Dubai. On the other days media must walk to track points. There are some key access points that can be reached by car (near T1 and near T6/T7).

Parade to the Motorcity Mall

On Wednesday January the 8th all cars will participate in a parade from Dubai Autodrome to the Motorcity Mall. It is within walking distance from Dubai Autodrome.

Please note that it's not allowed to follow the cars and/or make pictures between the two "no pictures allowed" signs.

We advise you to be at Motorcity Mall when the cars arrived (or just before) for the best pictures. The cars will stay in front of the Motorcity Mall for approx. 45 minutes so you have time enough to make pictures there as well.

Throwback to the 2023 parade

Parade to the Motorcity Mall

Please note the following message from Dubai Autodrome

Dear media personnel,

We would like to wish you a happy new year and we look forward to an exciting and busy remainder of the season.

We would like to take this opportunity to inform you of the requirement by Dubai Autodrome Management to wear head protection while operating any mobility vehicle on Dubai Autodrome premises. There have been a few occasions during the season where media personnel, equipped with bulky and heavy gear, have injured themselves falling off their electric scooters. We understand the convenience of using electric scooters and other similar vehicles around the paddock and track perimeter, however, we will now require all media personnel operating such vehicles to wear helmets.

Failure to do so gives Dubai Autodrome Management the right to revoke any accreditation for that particular event or the remainder of the season. Moreover, any injury sustained as a result of operating such vehicles is not the responsibility of Dubai Autodrome, its suppliers or vendors.

We appreciate your cooperation, and we look forward to welcoming you to the upcoming race weekends.

*Regards,
Dubai Autodrome Management*

Circuit Information

Dubai Autodrome Information

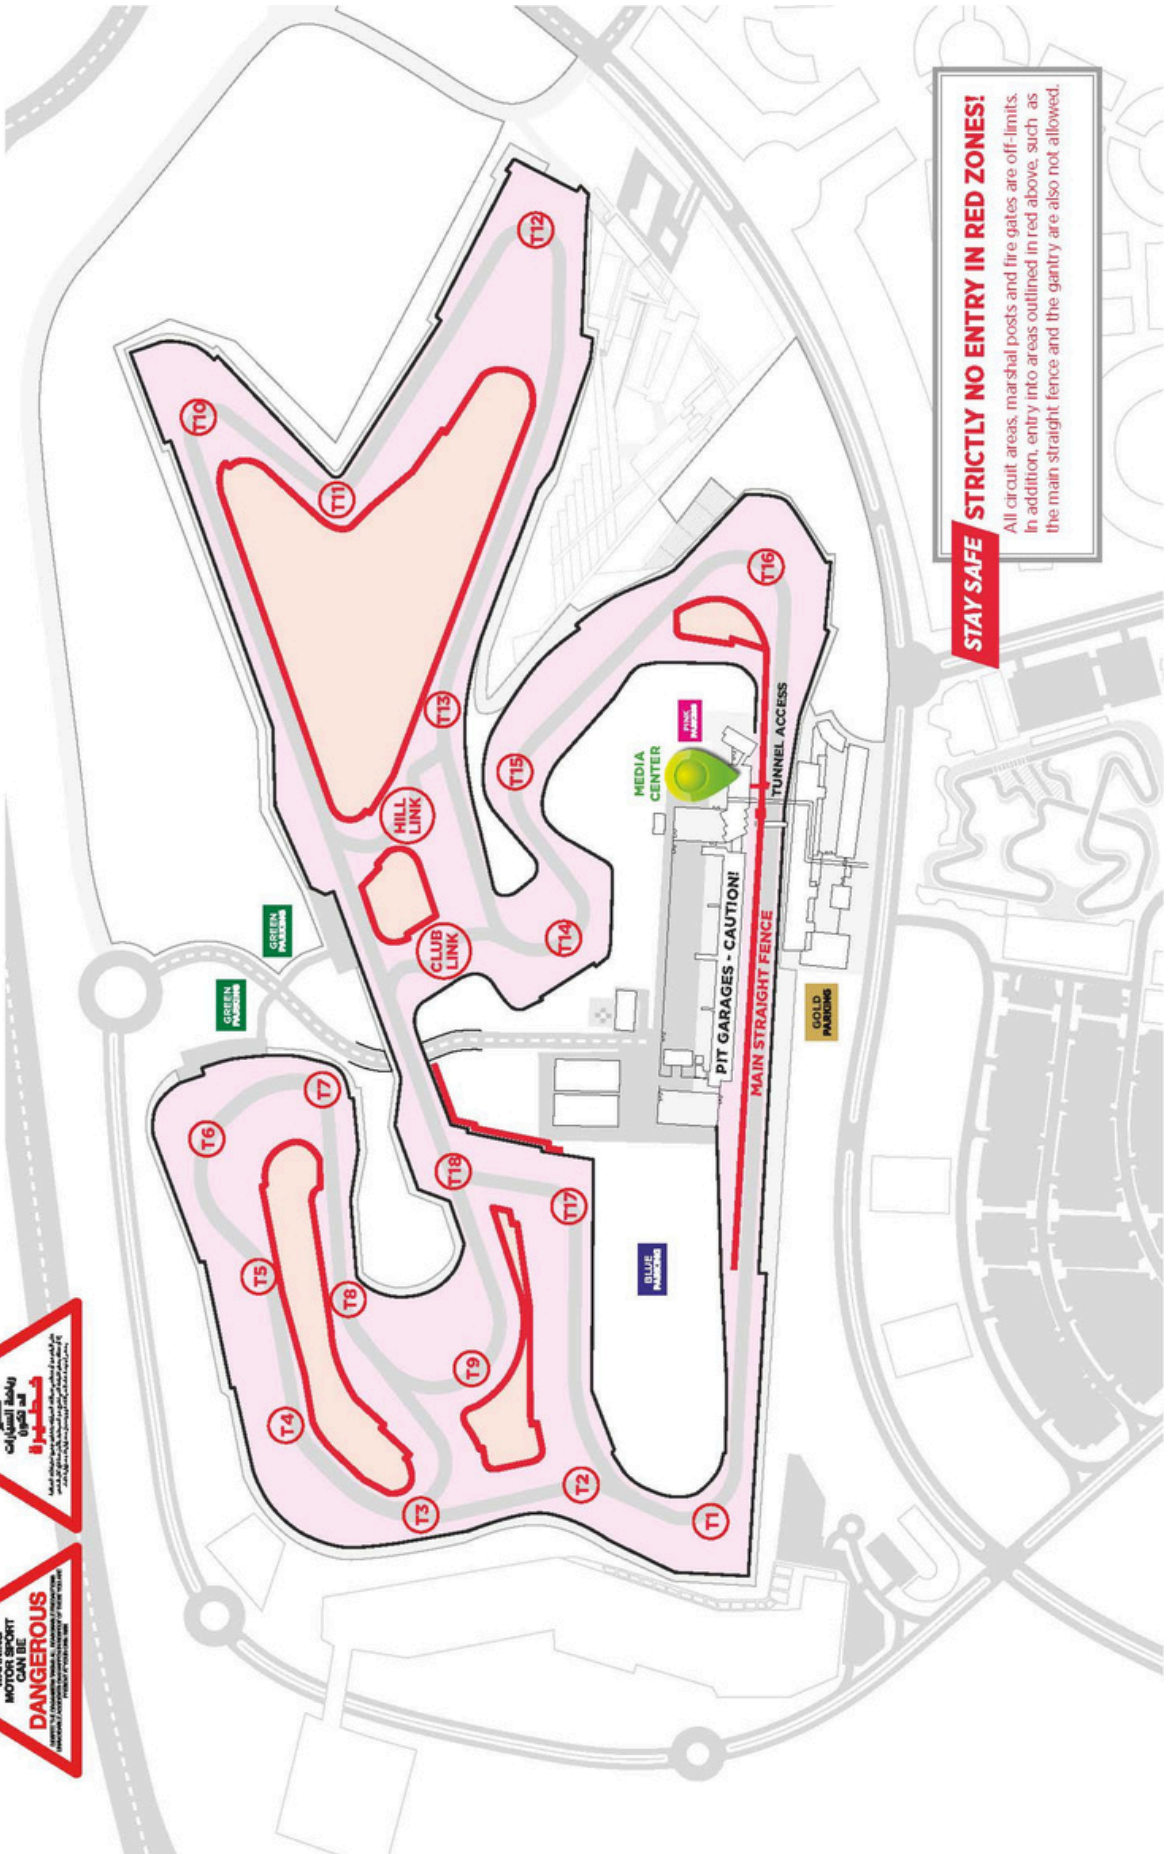

Completed in 2004, the Dubai Autodrome was the UAE's first fully-integrated multipurpose motorsport and entertainment facility. At the heart of the Union Properties MotorCity development, it includes an FIA sanctioned 5.39km circuit with six different configurations, a race school, indoor and outdoor karting tracks, the Grandstand Retail Plaza, the Motorsport Business Park, a VIP Paddock Hospitality area and entertainment facilities ideal for events and corporate entertainment. Located 25 minutes from central Dubai, the Dubai Autodrome is a safe and controlled motoring environment that can accommodate large crowds, whether as a local social destination or as a tourist attraction for overseas visitors.

For over a decade the Dubai Autodrome has played host to world class racing, including rounds of the FIA GT Championship, European Touring Car Championship, A1 GP, GP2 Asia, Lamborghini Super Trofeo ME, MRF Challenge, Porsche GT3 Cup Challenge ME, the Radical Middle East Cup and the renowned 24H Dubai Endurance Race. The track is also proud to promote local motorsport, which annually supports the NGK Racing Series, the UAE Sportbike Championship, the Formula Gulf Academy and the FIA UAE F4 Championship.

Service road information and red zones

MEDIA RED ZONES DUBAI AUTODROME

STAY SAFE STRICTLY NO ENTRY IN RED ZONES!
 All circuit areas, marshal posts and fire gates are off-limits. In addition, entry into areas outlined in red above, such as the main straight fence and the gantry are also not allowed.
