

MANDATORY EQUIPMENT FOR THE RACE

The following equipment is mandatory at all 24H SERIES races.

- **Transponder including driver-ID** Timeservice is the official reseller of the MyLaps Transponder including driver-ID. [· click here for the transponder order form ·](#)
- **MyLaps X2 Racelink (Club or Pro)** Timeservice is the official reseller of the MyLaps X2 RaceLink. The Club version (€ 665 excl. VAT) is sufficient for the 24H SERIES events. The X2 RaceLink enables us to show the live-GPS position of all cars and this needs to be connected to the LUMIRANK Display and Driver Info Display. [· click here for the X2 RaceLink order form ·](#)
- **LUMIRANK & Driver Info Display** Both the LUMIRANK LED Display and STS Driver Info Display will be provided by Creventic and are included in the entry fee.

LUMIRANK LED POSITION DISPLAY

The LUMIRANK Display on the front screen shows the position of the car in their division and the 3-letter code of the driver in the car.

STS DRIVER INFORMATION DISPLAY

The Driver Info Display needs to be placed in the dashboard in drivers view.

This display enables us to show the following in the car:

- Onboard flagging (Green, Code60, Yellow, etc.)
- Messages from race control to individual or all cars
- Automated time penalty serving system with in-car countdown
- Data made available to competitors by Timeservice

- **Datalogger Evo4 or Evo5** All cars in class GT3, GTX, 992, 991, GT4 & TCR must be equipped with a datalogger. The datalogger can be rented or purchased at Speedcom AIM Scrutineering. [· click here for the datalogger order form ·](#)
- **Illuminated Back Panels** The Illuminated back panels can be ordered at Creventic. Price: € 300,- The back panels need to be placed under the starting number stickers on both doors.

The illuminated back panels are only required when the race takes place in the dark.
