

24H SERIES

TRANSPORT

Over more than a decade Creventic is organising overseas 24H Endurance races. We and our reliable Logistics partner have a broad knowledge of sea- truck and airfreight. Creventic can assist and offer you a variety of possibilities.

Races	 24H DUBAI 14-15-16 January 2021	 6H ABU DHABI 22-23 January 2021	Combination  24H DUBAI +  6H ABU DHABI 14-15-16 January 2021 22-23 January 2021
Entry fee	Standard transport is included in the entry fee, based on 2 cars per container Departure port: Rotterdam - Team delivers container to the port		
Shared container <small>50% - 40ft container shared with another entry</small>	Entry fee + € 0

Transport insurance	0,6% of the value of your car and equipment + € 130 admin costs		
Documents required	Packing list & Commercial invoice (temporary import)		
Loading date	1 December	23-24 December	1 December

The container belonging to the entry of the 24H DUBAI will go directly to the Dubai Autodrome circuit. After the race, if the same entry takes part in Abu Dhabi, the container will go to the Yas Marina Circuit. If the entry won't take part in Abu Dhabi, the container will go back to the Dubai port. Containers belonging only to the entries of the 6H ABU DHABI will go directly to Yas Marina Circuit.

Discount:

- Trucking from Dubai to Abu Dhabi included if you take part in both events
- If you don't require transport or you arrange the transport yourself, you will receive € 1.000 discount

LOADING AND UNLOADING AT YOUR WORKSHOP

For teams who would like to load and unload the container at their workshop, Creventic can offer the following trucking options from your team workshop to the port and vice versa at additional costs.

(both options only in combination with an exclusive container)

- A 40ft high cube container will be brought to your workshop and after loading the container will go directly to the port. Container will remain on chassis or can be grounded with a side loader
- We can pick up your own container at your workshop and bring this to the port

On the right you will find an indication of the trucking cost with or without side loader from your workshop to the port of Rotterdam.

Free loading time is 1 hour. Extra hours will be charged with 80 euro per hour.

KM	Without side loader	With side loader
	Container stays on chassis	Container will be grounded
<150 km	€ 500	+ € 300
<300 km	€ 800	
<500 km	€ 1100	
<1000 km	€ 2300
