General Refuelling Rules

| Article | Where is mentioned | Must be changed to |
|--------------------------------|--|--|
| Chapter I Art. 21.3.3.12 | 21.3.3 General Refuelling Rules 21.3.3.12 The engines of all cars must be stopped. The promoter can at his discretion decide upon waivers, with possible conditions and/or advantage compensation at discretion of the race director. | 21.3.3 General Refuelling Rules 21.3.3.12 Except turbo powered cars (with Turbo sticker), the engines of all cars must be stopped. The promoter can at his discretion decide upon waivers, with possible conditions and/or advantage compensation at discretion of the race director. Turbo powered cars are marked with a Turbo sticker on the front and rear window. This (RED) Turbo sticker can be collected at scrutineering. The team (driver and team member) is responsible for safe refuelling operation and safe release. |
