17. Insurance:

All competitors are insured in respect of Third Party Public liability during the event. They are strongly advised to make their own arrangements with regard to personal accidental injury cover and cover for damage to their vehicles and those of other competitors taking part

18. Starting Position:

Pole position is as per the circuit license.

Rolling starts: pole LEFT

Standing Starts: pole RIGHT

The specific format for the events and qualification for races will be set by the Sporting Regulation of each series.

- 18.1. Grids: Should the number of starters of any race during the event exceed 30 the Stewards may split the grid into two separate races on the grounds of safety.

19. Safety Car (F4 & GULF RADICAL CUP)

Should the use of a Safety Car be deemed necessary in the event of an incident, the circuit Light Panels will be illuminated with 'SC' & yellow flags and SC boards will be displayed at marshal posts. Once the incident is cleared and the circuit deemed safe to run, the roof lights on the safety car will be extinguished after Turn 14. This shall be the signal that the safety car will be entering pit lane at the end of that lap. From this point the leader dictates the pace. At the moment the Safety Car enters the pits the SC signals will be replaced by a green flag at the Line but overtaking is still prohibited. The racing will recommence from the Line.

20. Code 60 (Hankook 6H Abu Dhabi)

If, in the event of a significant incident, the Clerk of the Course decides to initiate a Code 60, the Code 60 Light Panels will be illuminated around the circuit by Race Control and Code 60 flags will be displayed at all marshal posts. It is the responsibility of all competitors to maintain a maximum speed of 60 kph, without overtaking, until such time as the circuit is declared safe and the Clerk of the Course gives the order to end the Code 60 period. At this time the Code 60 Light Panels will be extinguished, Code 60 flags withdrawn and flashing green panels illuminated around the circuit for a period of approximately 20 seconds. Once the flashing green panels have been illuminated all competitors may resume racing.

21. Pit Lane Speed Limit (Hankook 6H Abu Dhabi)

The Pit Lane speed limit is 40 kph. The speed limit will be enforced between the Pit Entry ("40 kph" board and white line across the track) and Pit Exit ("End of Speed Limit" board and white line across the track).

22. Refueling (Hankook 6H Abu Dhabi)

The refueling area speed limit is 20 km/h. There is NO limitation of maximum refuel amount. So at each refuel stop, the tank can be refueled completely. Refueling may be carried out under green conditions as well as during a Code 60 period. It is strictly forbidden to change the driver in the refueling area.

A marshal shall be positioned to control the exit from the refueling area. Should a car be entering the pit lane at the same time as a car is leaving the refuel area the car entering the pit lane will be given priority. Drivers leaving the refuel area must therefore be prepared to stop if indicated to do so by the marshal.

23. Drivers' Briefings

Hankook 6H Abu Dhabi:	Drivers' briefing will be delivered via YouTube.
Formula 4 UAE / Gulf Radical Cup:	Drivers' briefings will be delivered via Microsoft Teams

24. Race Starts

Hankook 6H Abu Dhabi:	ROLLING START
Formula 4 UAE:	STANDING START
Gulf Radical Cup:	ROLLING START

25. Open Pit Lane Testing (Hankook 6H Abu Dhabi & Gulf Radical Cup only)

On the morning of **Thursday, January 21ST** the Organizer provides an "Open Pit Lane" test session to be paid in advance per participating car as detailed in the contract.

Payment may be made for the Open Pit Lane session at the Reception desk, ground floor Race Control where an Indemnity Form must be completed and signed and a wristband will be issued. This wristband must be displayed to the marshal at the pit exit in order to be granted access to the track.

See the detailed Testing Schedule in Appendix 2.
