O7 (MP7.1) (for shortcuts of turn 7)	David Howarth
O9 (turn 9) (for track limits infringements at support pit exit)	TBC
O16 (MP16) (for cutting the apex of turn 16 if the bollard is displaced)	Mohamed Hemida

16. Publication of the classifications and other communications:

All communications as well as the Provisional and Official Results will be published electronically via email from the Secretary of the Meeting to the Championship Coordinators, who are then responsible for the onward communication to their teams.

17. Protests:

Any protests should be made in accordance with the Rules. The National Protest Fee is AED 1,500 and the National Appeal Fee is AED 5,000.

18. Insurance:

All competitors are insured in respect of Third-Party Public liability during the event. They are strongly advised to make their own arrangements with regard to personal accidental injury cover and cover for damage to their vehicles and those of other competitors taking part.

19. Starting Position:

Pole position is as per the circuit license.

Standing starts: pole RIGHT

Rolling starts: pole LEFT

The specific format for the events and qualification for races will be set by the Sporting Regulation of each series.

- 19.1. Grids: Should the number of starters of any race during the event exceed 30 the Stewards may split the grid into two separate races on the grounds of safety.

20. Safety Car:

Should the use of a Safety Car be deemed necessary in the event of an incident, the circuit Light Panels will be illuminated with 'SC' & yellow flags and SC boards will be displayed at marshal posts. Once the incident is cleared and the circuit deemed safe to run, the roof lights on the safety car will be extinguished after either turn 5 (for races starting at the support grid) or turn 9 (for races starting at the main grid). This shall be the signal that the safety car will be entering pit lane at the end of that lap. From this point the leader dictates the pace. At the moment the Safety Car enters the pits the SC signals will be replaced by a green flag at the Line but overtaking is still prohibited. The racing will recommence from the Line.

Hankook 6H Abu Dhabi**Code 60 Safety Car Procedure (CSP Procedure)**

If, in the event of a significant incident, the Clerk of the Course decides to initiate a Code 60, the Code 60 light panels will be illuminated around the circuit by Race Control and Code 60 flags will be displayed at all marshal posts. It is the responsibility of all competitors to maintain a maximum speed of 60 kph, without overtaking,

The Code 60 may be followed by a Safety Car Procedure.
The primary purpose of the Safety Car is to enable the Code 60 Safety Car Procedure (hereafter CSP).
For detailed CSP regulations: see Sporting & Technical Regulations Hankook 6H Abu Dhabi 2022.

21. Pit Lane Speed Limit:

The Pit Lane speed limit is 40kph for the Hankook 6H Abu Dhabi and 60 kph for all other series. The speed limit will be enforced between the Pit Entry (speed limit board and white line across the track) and Pit Exit (“End of Speed Limit” board and white line across the track). The speed limit at main pits extends from Pit In beyond the Pit Out point through the tunnel to the white line marked on the track next to Marshal Post P3.

Hankook 6H Abu Dhabi

The Pit Lane speed limit is 40 kph.

The speed limit will be enforced between the Pit Entry (“40 kph” board and white line across the track) and Pit Exit (“End of Speed Limit” board and white line across the track). The speed limit at main pits extends from Pit In beyond the Pit Out point through the tunnel to the white line marked on the track next to Marshal Post P3.

22. Refueling

Hankook 6H Abu Dhabi

The refueling area speed limit is 20 km/h. Maximum refueling amount will be published in the BOP-Publication. Refuelling may be carried out under green conditions. Refuelling under standard Code60 and CSP-procedure is allowed, with a maximum refuelling amount of 10 Litres. It is strictly forbidden to change the driver in the refuelling area. A marshal shall be positioned to control the exit from the refuelling area.

Should a car be entering the pit lane at the same time as a car is leaving the refuel area the car entering the pit lane will be given priority.

Drivers leaving the refuel area must therefore be prepared to stop if indicated to do so by the marshal.

23. Breaches of the COVID-19 Mitigation Measures

This event operates in accordance with Abu Dhabi legislation and regulatory policies relating to COVID-19 Precautionary Measures plus the EMSO Guidelines. Yas Motor Racing Club, as the Organizer, reserves the right to impose additional measures for the protection of staff, participants officials and others as deemed appropriate. All personnel on site are therefore expected to comply with the measures in place to reduce the spread of COVID19 at all times, specifically but not limited to:

- Mandatory use of PPE at all times when at Yas Marina Circuit
- Submission to temperature and/or EDE checks upon entry to the venue
- Practicing of social distancing
- Regular use of hand sanitizer, available in all common areas and pit garages

Compliance with COVID19 mitigation measures on site will be monitored by the ADMM COVID19 Officer and/or individuals under his jurisdiction.

Breaches of COVID19 measures shall be handled as follows:

First offence: informal warning on the ground by COVID19 Marshal

Second offence: written report to the Stewards, formal reprimand

Third offence: written report to the Stewards who are then empowered to impose penalties, in the form of fines, for any team whose members are found to be in breach of the rules. The value of such fines shall be at the discretion of the Stewards. In this instance the Organizer also reserves the right to request the Stewards to impose further penalties, up to and including the removal of repeat offenders from the venue

24. Reporting of Positive COVID-19 Cases

It is a **mandatory requirement** that any positive cases of COVID19 discovered are reported without delay. Team Managers are responsible for monitoring test results and, in the event of a positive result being discovered, escalating the matter to their Championship Coordinator immediately.

The Championship Coordinator must then inform the ADMM COVID19 Officer directly as soon as they are made aware of a positive case. The COVID19 Officer at this event is as follows:

Matthew Perrin
Tel.: +971 56 500 4179
Email: c19@ymc.ae

Individuals who have received a positive test result must leave site immediately and isolate until further notice.

Any delay in the reporting of a positive result is subject to financial penalty at the discretion of the Stewards, plus additional measures at the request of the ADMM COVID19 Officer.
