ABOUT CREVENTIC

Founded in 2005, CREVENTIC has fast established itself as one of the most professional organizing bodies in the world of motorsport. Built by, and for, keen amateur racers, CREVENTIC's network has grown substantially since its 'humble' beginnings – continuing to do so today – and remains among the most respected names in the motor racing community, thanks to an ever-increasing portfolio of endurance racing series catering to GT, touring car, Le Mans-style prototype racing, and pretty much everything else in-between.

Based in Gennep, The Netherlands, CREVENTIC's extensive racing programs welcome teams, drivers and motorsport personnel from around the globe to compete at some of the most challenging and vibrant race circuits in the world, and the highly-competitive racing categories therein. Indeed, providing top-level racing with a relaxed paddock environment has seen the 24H SERIES powered by Hankook tour extensively across Europe, the Middle East and the United States of America, with ambitions to extend this portfolio in the future.

Our focus, however, has never been to 'win at all costs'. For close to two decades, CREVENTIC has prided itself on offering high-quality, professional service alongside a welcoming, approachable atmosphere in its paddocks. Team spirit, fair racing, and actively enjoyable competition with an international flair are our bread and butter, and we wouldn't have had it any other way.

"At CREVENTIC, we like to do things differently: to create an open environment that's comfortable as well as professional; to raise expectations and benchmarks through innovation, all while keeping our feet on the ground; to offer the best possible endurance racing experience for everyone, everywhere, with the best value for money; and to give you the most professional and approachable motor racing service you've ever had. In short, CREVENTIC wants to put the fun first in racing"

If you're interested to learn more about our organization, or how you too can compete in the 24H SERIES powered by Hankook, you can contact us at info@creventic.com. And don't worry, our multi-national network will be able to assist any enquiries you may have, be it in English, French, German, Spanish or Dutch.

PARTNERS

06

Since 2014, Hankook Tire is the official sponsor of the 24H Series, a world-renowned endurance race series attended by global premium brands such as Porsche, Ferrari, and Mercedes-Benz.

Hankook Tire will stand witness to the moments of unbounded challenge and the passion of motorsport. Motorsport, filled with daring challenges and genuine passion, resembles Hankook Tire in its ceaseless innovation towards instilling the ultimate high technology.

As a supplier of tires for motorsport competitions around the world as well as a sponsor for promising racing teams and drivers, Hankook Tire delivers feverish moments that resonate with fans.

0221 Mediagroup is „lifestyle“.

“Working as a Partner of Creventic, 0221 Mediagroup is responsible for everything which is „live“ since 2012. We cover all services effecting the Live broadcast of the 24H SERIES. Our OB Vans as well as our flight cases are used to produce and stream all races worldwide, viewable free of charge for every racing Fan. We move with the times and keep developing and are pioneers in „AVXR“, better known as Augmented / Virtual Reality, integrated in Live coverage. We conceptualize everything on each event and our work is specially tailored for each race.

Creventic and Radio Show Limited – Shared purpose – Shared passion

Kuwait Motor Town at the end of 2022 was the 76th Creventic Race covered by Radio Show Limited.

The relationship between Creventic and RSL, goes back to 2012 when the 24H Dubai was broadcast live for the first time. The January event, the opening to the International Endurance racing calendar, had been running since 2006 and was one of the events the audience most requested was given coverage.

From the earliest phone calls and meetings it was clear that Creventic and RSL shared the same passion and enthusiasm for endurance racing. The Creventic philosophy of organising races for racers, putting the competitor first, mirrors the "fans first" RSL approach to broadcasting.

Creventic organise events, on bucket list circuits for drivers, without many of the obstacles to competitors found in other more traditional series and championships. Easy registration, national licence levels where possible, Series organised transport of race cars and a class structure with 'real world' BoP, allows an eclectic mix of cars to compete together.

On the broadcast side Eve Hewitt, Managing Director of Radio Show Limited cites the "democracy of radio" as the essential principle behind free to air, non-geoblocked, uninterrupted coverage. The professional yet informal tone of the broadcast is influenced by and reflective of, the collaborative, family atmosphere created by the Creventic Organising team which encompasses the whole paddock.

This "no barriers" approach allows endurance racing fans to share the pure Spirit of Endurance experienced by competitors. This resonates with the listeners and viewers and despite the relative lack of big name teams or drivers, especially in the early years, Creventic audio and video broadcasts attract a loyal and growing audience.

Access to endurance racing, at the track as a competitor, around the world by the fans, delivered by Creventic and RSL.

Partners in Passion.

Planting trees, changing lives.

Trees for the Future is planting trees and changing lives through their regenerative agriculture approach.

Through the last 30 years, they have planted over 170 million trees across the developing world in order to sequester carbon, revitalize land and benefit the farmers planting them.

Creventic is sponsor for this charity since the start of 2019 and have donated at least 170.000 trees every year to help and maintain this great initiative from Trees for the Future.

**TREES
FOR THE
FUTURE**

The partnership between Creventic and Speedcom/AIM started in January 2008. Speedcom/AIM has followed the championship through any circuit, any country it has been, from Hungary to USA, with grids of 15 or 100 cars, always putting our best, just like Creventic did. I think that from that point, Creventic and Speedcom/AIM took care of each other and help in everything possible.

In relation to Creventic, we are responsible for the communication systems of the Creventic team and for the last 3 years, we also help in scrutiny with our specialized department AIM Scrutineering. For the teams and drivers in the championship, we offer an integral service for what we believe they may need. In order not to lose our beginnings, we offer complete assistance for SPEEDCOM brand communication systems. As we have been AIM for more than 25 years, we also offer all data acquisition systems and on-board cameras and for 3 years, we have been importers of BELL and OMP offering their entire range of products on the circuit.

SHARE LOGISTICS

For the first time in the 18-year history of Creventic, Share Logistics was nominated as logistics partner for the first ever edition of the 12HR in Kuwait and the well-known 24HR Race in Dubai.

For Share Logistics it was a very exciting and great adventure to work closely with the team of Creventic and the relationship quickly took on friendly forms as we felt like being part of the team sharing the same goals; making the race happen! As logistics never goes without hiccups, both our companies had to put all the effort into the project in order to finalize and we feel happy to have succeeded in our mutual goal.

After months of planning and adjusting, we are looking back at a wonderful event and are proud to have been a part of the organization. Especially during our presence at the event itself, it is astonishing to see the entire operation of the team. We are definitely looking forward to being a partner for the next edition and bring our service to an even higher level.

Share Logistics is a family-owned logistics partner with offices around the world. Experience our customized service and personal attention. Benefit from the local expertise of our global offices to find tailored alternative solutions.

Share Logistics specializes in live-event logistics, airfreight services, reefer cargo, greenhouse building projects, heavy and out-of-gauge cargo, oil & gas, pharmaceuticals, hazardous goods and shipping of spare parts. Our offices and warehouses are in strategic locations around the world, to ensure local expertise on a worldwide scale.

W RACING PROJECT

HOSPITALITY MANAGEMENT

Based in San Marino, W Racing Projects have provided motorsport hospitality suites across two decades for celebrated racing series like MotoGP, the World Rally Championship, Formula E, and since 2022 the 24H Series as well, among many others.

W Racing Projects carefully chooses its high quality products, their menus for each event including Italy's finest meats, fish, vegetables, herbs and confectionary, as well as focaccia and pizza, baked fresh every day.

2022 was a wonderful collaboration year with Creventic. We provided our Roder Manhattan tent (TUV certificated) and we have served them and their guests with our own catering!
