

MANDATORY EQUIPMENT 24H SERIES

The following equipment is mandatory at all 24H SERIES races.

All order forms can be found on the 24hseries website: www.24hseries.com/documents

- **Transponder including driver -ID**

Timeservice is the official reseller of the MyLaps Transponders including driver-ID.

- **MyLaps X2 Racelink (Club or Pro)**

Timeservice is the official reseller of the MyLaps X2 RaceLink. The Club version (€ 665 excl. VAT) is sufficient for the 24H SERIES events. The X2 RaceLink enables us to show the live-GPS position of all cars and this needs to be connected to the LUMIRANK LED Position display and Driver Info Display.

- **LUMIRANK & Driver Information Display**

Both the LUMIRANK & DID are provided by Creventic and the rental is included in the entry fee for the race.

LUMIRANK LED POSITION DISPLAY

The LUMIRANK LED Position Display on the front screen shows the position of the car in their class and the 3-letter code of the driver in the car.

STS DRIVER INFORMATION DISPLAY

The Driver Info Display needs to be placed in the dashboard in drivers view. The display enables us to show in the car: onboard flagging (green, code60 etc.), messages from Race Control to individual or all cars, automated time penalty serving system with in-car countdown and data made available to competitors by Timeservice.

- **Datalogger Evo4 or Evo5**

Cars in classes GT3, GTX, 992, GT4 & TCR must be equipped with a datalogger which can be purchased at AIM Scrutineering.

- **Illuminated backpanels**

The illuminated backpanels can be purchased at Creventic. Price € 300 (only required when the race takes place in the dark).

- **Accident Data Recorder**

All cars in class GT3 must be equipped with an Accident Data Recorder according to the FIA Technical Regulations for GT3 cars: [click here for the FIA Technical List with information on the ADR](#)
